CHANGELOG

RUNTIME STATUS

## Excalidraw

This extension integrates Excalidraw into VS Code. To use it, create an empty file with a `.excalidraw`, `.excalidraw.json`, `.excalidraw.svg` or `.excalidraw.png` extension and open it in Visual Studio Code.

Try the web version at : <https://excalidraw.com/>

## Office Viewer(Markdown Editor)

v3.1.8

View word,excel files and using WYSIWYG editor for markdown.
